How to Hang Your See Calendar

Find a spot to hang your calendar where the view is unobstructed and the calendar is accessible. Before removing protective tabs, place the empty calendar holder where you want it to stick. Mark the top and side position (plumb) on the wall. Check with a level. Clean the wall with rubbing alcohol and allow to dry to insure good adhesion. Then, remove the tabs and carefully attach holder to wall using the marks you made as a guide. Push securely on wall. Once the calendar holder is attached it cannot be adjusted.

Place the cards in the holder in this order from back to front:

- Day of the week cards (Mon-Sun)
- Date (number)
- Month
- Year

Place extra cards behind the cards for storage.
